## Thin Hair on Top

If Parisian Sage, the hair grower that F. D. Pierce guarantees, will not cause hair to grow where the hair is thinning out, nothing on this earth will.

And we say to everybody, man, woman, young or old, you can have your money back if Parisian Sage isn't the best hair grower, hair saver, hair beautifier and dandruff cure on the market today.

It stops itching scalp and falling hair, and makes hair grow thick and abundantly, or money back. Fifty cents for a large bottle.

## SEAEVER'S DYSPEPSIA TABLETS

Have you dyspepsia? If you have perhaps you want to get rid of it. You can by taking Seaver's Dyspepsia Tablets. We do not print any picture of before and after taking. You get them by standing before the looking glass. If you don't believe this try the tablets and you will. We have proved that Seaver's Dyspepsia Tablets will cure Dyspepsia over and over again. We are ready to demonstrate it in your case, and we will tell you how. Go to the store of the E. W. Barron company, Barton, or Kinney's Pharmacy, Orleans, and get a package. Take it according to directions. If it cures you, step in and tell the druggist so. If it doesn't, step in just the same, and tell him that and he will hand you right back the ducats you paid him. Do you suppose this offer would be made if we had any doubts about what the tablets will do for you? Do you see any way that you can lose any money out of it? But if you really enjoy dyspepsia, and want to retain it permanently, let Seaver's Dyspepsia Tablets alone, for the tablets won't let dyspepsia alone.

A few days since I copied the following from a fine marble slab in the cemetery at North Craftsboro: "Wilbur Fisk, son of W. F. and H. A. Hoyt. Died Oct. 12, 1861, aged 4 years and 25 days." Levi is now living with his parents in Kansas.

Franklin, born Oct. 4, 1877; 2d, Bernice Ursula, born June 4, 1880; both born in Nashua, N. H.

I visited Aunt Hannah Carter, October 24, 1894, and found her general health very good for one of her age, 95 last July. Many a one at 75, then so smart, and appears to be older than she does. She lives with her daughter, (Mrs. Swett) at No. 31, June street, Lowell, Mass. On her last birthday, July 17, 1894, they had an informal gathering at her home, and I copy the following from one of the Lowell dailies:

"A NOBLE OLD LADY.

"Our lowest bow to Mrs. Hannah Carter, of June street, who celebrated her 95th birthday, Tuesday. Her father was one of the patriots who drove the British and their Hessians out of this country, and made it free; her husband helped drive the redcoats into the sea again in 1812; two of her sons fought to hold together the union their father and grandfather helped make possible. What a glorious thing to look back upon such close association with trying times and noble deeds! Mrs. Carter's blood personifies the spirit of '76, the valor of 1812, the hot patriotism of 1861. We salute her with feelings and esteem almost as we feel for the flag.

"Mrs. Carter comes to us from the last century, and we hope she may stay with us well into the next. She came into the world when the young and struggling colonies were but a baker's dozen. On her 95th birthday the president of the United States signed the bill that made the number of sovereign states of the union forty-five. Before the close of the century she may see her country the second naval power of the world, feared and respected by all crowned heads whose ancestors conspired at her spoliation.

"It is our hope that Mrs. Carter's closing years may be full of peace and ease. The government now pays her a pension, and we trust that she may draw it for many years to come. It is a distinction for any city to have such a resident, and we, as a part of the body of citizens, are justly proud of her and the family of which she is a part."

I have spent a good part of two days, Oct. 25 and 26, 1894, looking over a large number of books relating to the Shepard family, in the rooms of the "New England Historic Gene-

alogical Society," in Boston. I have traced the Shepards, Shepherds, Shepheards, Shepeirds, Sheperts and several other ways of spelling the name, away back to 1498. And I have found an innumerable number of Shepards, that no man can number, and still I fail to find the names of Ashbel, Aaron or Horace Shepard among them, or any connection between them. Surely "To the making of many books there is no end." This is a task I little dreamed of when I began, or I think I should never have commenced the job.

I find in my researches very many Shepards all over the country, but in most of them I fail to find any connection between them and the first settlers of Greensboro. And while I fail to find among the collection very many brilliant scholars, I find the Shepards and their descendants to be fully average intellectual capacity, and as a whole, rather inclined to the moral and religious type. I find that in the organization of the Congregational church in Greensboro in 1804, most, if not all, of the adult members of the Shepard family were among the charter members; and, as far as I can learn, their descendants have mostly belonged to the Congregational or the M. E. Church. My wife's father and mother, as well as my wife and all of her six sisters, belonged to the M. E. Church. Jonathan Shepard was a Universalist minister. But there are exceptions to all rules, some black sheep in all large flocks.

The Shepards and their descendants have not quite all been goodly good, and the least said about them the better. But I think, on the whole, they will average morally above the people at large.

Note—The foregoing history of the Shepard family, of which the last installment is concluded above, was compiled by Chester Brown of East Hardwick in the year 1894.

## Bean Taken to Waterbury.

Arthur Bean, who is charged with having shot his mother and sister at the family home in Maidstone March 9, has been taken from the jail at Guildhall to the state hospital for the insane at Waterbury, where he will be under observation as to his sanity, in accord with the order of the court at the time of his indictment.

## Contains Article by Bishop Hall.

The Rev. Arthur C. A. Hall, of Burlington, has an article, together with a portrait in the June number of the Ladies' Home Journal, published side by side with one by Charles W. Eliot, president emeritus of Harvard, on "My Reasons for Believing that Mothers Should Speak Out." With his customary vigor, bishop says that "It is worse than foolish to shut one's eyes to the evils involved in our common school system of co education," and he makes an earnest plea "against an ostrich-like ignoring of evil."

## Vermont Exhibit at New York.

State Commissioner of Agriculture O. L. Martin of Plainfield, was in Boston Wednesday to attend at the Massachusetts state house a meeting of delegates from the New England states with representatives of New England railroads to consider the matter of making an exhibit at the land and irrigation exposition at Madison Square Garden, New York, next November. The Vermont commissioner is empowered to make such an exhibit and has made arrangements already for erecting a booth for the display of maple sugar and will plan for other exhibits appropriate to this state, among them agricultural matter.

## Are They Surveying for Railroads?

The surveyors who have been working between Williamstown and East Barre have completed the work to Williamstown and the chief engineer has gone to Swanton with several of the men. The remainder of the party are engaged in making maps and plotting the lines run.

There are 10 men in the party. They have not been communicative about their business and many people believe they have no knowledge as to whom they are working for or what use is to be made of the maps they prepare.

It has been generally supposed the work was being done for the Boston & Maine and New Haven road interests and the fact that the chief engineer has taken part of the men to Swanton, where it is said to be known that New Haven men have been at work, lends color to the belief.

FIVE YEARS

Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Erie, Pa. — "I suffered for five years from female troubles and at last was almost helpless. I went to three doctors and they did me no good, so my sister advised me to try Lydia E. Pinkham's Vegetable Compound, and when I had taken only two bottles I could see a big change, so I took six bottles and I am now strong and well again. I don't know how to express my thanks for the good it has done me and I hope all suffering women will give Lydia E. Pinkham's Vegetable Compound a trial. It was worth its weight in gold." — Mrs. J. P. ENDLICH, R. F. D. No. 7, Erie, Pa.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. — Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you want special advice write Mrs. Pinkham, Lynn, Mass., for it. It is free and always helpful.
